

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

*Taishaku-Ten**Japanese, Ninth Century***Lectures on the Observation of Pictures**

A COURSE of ten lectures on the observation of pictures recently added to the collection of the Museum will be given by Miss Alicia M. Keyes on Saturday mornings from 10.30 to 12.30, beginning October 12, 1912. The course is primarily for teachers, although others are also admitted. The fee is \$5.00.

Each lecture will be on one artist, studied from the picture by him recently added to the Museum collection. Special attention will be given to the artistic problems involved, and the lectures will be illustrated not only by the pictures, but by prints, photographs, and textiles.

Forms of application for admission to this course may be obtained from the Registrar of the Museum.
